

EANS Recommended Account Numbers and Line Items

The following information is intended to assist non-public schools with specific account codes and line items as budgets are developed for the Emergency Assistance to Non-public School (EANS) program. The examples listed as common expenses are not an exhaustive list of allowable expenses, nor is this document intended to guarantee funding approval. All budgets will be reviewed and approved on a case-by-case basis. The purpose of the EANS program is to provide services or assistance to eligible non-public schools to address educational disruptions caused by COVID-19. All budget items must be aligned to the purpose of the program. Please refer to the Frequently Asked Questions document published by the U.S. Department of Education for further guidance on allowable expenses. Contracted services may be budgeted within each account number but may require further procurement action from the department.
