

Affirmation of Meaningful Private School Consultation Career and Technical Education (CTE) Programs

The 21st Century Act (Perkins V), Section 217, requires local education agencies (LEAs) to provide access of equitable services to private school personnel and children. Under Section 217, it requires the local education agency (LEA) where the private school is, upon written request, to permit the participation of private personnel and children in career and technical education programs. The foundation of this is the timely and meaningful consultation between the LEA and the private school officials. Upon written request, an LEA shall consult in a timely and meaningful manner with representatives of private schools in the areas of career and technical education and professional development programs. This Affirmation of Meaningful Private School Consultation should be signed by the LEA and private official(s) and kept for the records of the LEA and private school.

At a minimum, the ongoing consultation process $\underline{\text{must}}$ discuss the topics below for applicable CTE programs.

The following topics were discussed during consultation:	Yes	No	N/A
Consultation Process: How the consultation process will operate throughout the school			
year to ensure that eligible personnel and children enrolled in private schools can			
meaningfully participate in CTE and related services.			
CTE Services: How, where, and by whom CTE and related services will be provided for			
personnel and children, including a discussion of types of services, including direct			
services and alternate service delivery mechanisms, how such equitable services will be			
apportioned, and how and when these decisions will be made.			
Disagreement: How, if the LEA disagrees with the views of the private school officials on			
the types of services the LEA shall provide to the private school officials, a written			
explanation of the reasons why the district chose not to provide services.			
Content Delivery: How the educational services or other benefits provided, including			
professional development, shall be secular, neutral, and non-ideological.			
Equitable Funds: Expenditures for such services or other benefits shall be equal			
(consistent with the number of children to be served) to expenditures for programs of			
children enrolled in the public schools of the eligible recipient.
