

Federal Program Waiver Request ePlan Instructions

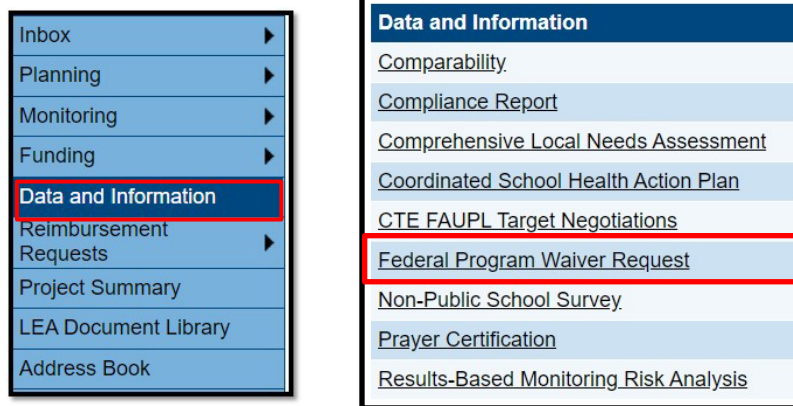

Overview

The U.S. Department of Education (ED) authorizes the Tennessee Department of Education (department) to issue waivers for certain state and federal regulations associated with the Elementary and Secondary Education Act of 1965 (ESEA). A *Federal Program Waiver Request* instrument has been developed in ePlan to streamline and standardize the waiver request process.

When a waiver becomes available, stakeholders will be notified through email as well as through announcements in various department newsletters and the [ePlan homepage](#). Local educational agencies (LEAs) can follow the steps below to submit a Federal Program Waiver Request.

Federal Program Waiver Request ePlan Instructions

- ePlan users who are assigned the **LEA Federal Program Waiver Request Director** role can work on the waiver request instrument in ePlan. See the LEA's *Address Book* in ePlan to determine who has been assigned this role. To add a new or additional role, complete the ePlan [User Access Form for LEAs](#) and submit it according to the directions on the form. Users who had the *LEA Consolidated Director* role on Sept. 9, 2024, were automatically assigned the *LEA Federal Program Waiver Request Director* role.
- Navigate to the instrument by selecting **Data and Information** from the main ePlan menu. On the *Data and Information* page, select **Federal Program Waiver Request**.
Note: Select the fiscal year in which the carryover funds will be spent. That is, LEAs must utilize the FY25 Federal Program Waiver Request instrument for FY24 (2023-24) funds because the carryover will move into the FY25 funding application.

- To begin the request, click **Draft Started** at the top of the Sections page.

- The *History Log* records status changes dates with the name of the user who prompted the change. Use it to review who submitted or reviewed a request or the date when it was last approved or returned.

- Users may place a note in the *History Log* by clicking on the **Create Comment** link. Use *Create Comment* with caution, as comments remain part of the requests' permanent record and are viewable by the public on approved requests.
- To create a comment, click on **Create Comment**. A narrative box appears. The user may type or paste a comment in the narrative box. Once the comment is complete, click *Save and Go To > Current Page* at the top of the screen to save.
- The *Federal Waiver Guidance* page contains helpful information and instructions, including an explanation of waivers that are currently available.
 - Check the box at the bottom of the page to acknowledge the following: *LEAs may only apply for waivers when they are needed for a particular program. If the LEA has not exceeded the amount allowed for carryover, a waiver request should not be submitted.*

- Read and check the box on the *Assurances* page.

 - The **previous waivers** granted to the LEA (i.e., waivers granted for FY22 funds and waivers granted for FY23 funds) and
 - The **final status of the current request, after departmental review** (i.e., waiver granted for FY24 funds).
 - When LEAs initially complete the instrument, this column will contain no data. See the screenshot below for an example.
 - Once reviewed by the department, each requested program will be marked as “Not Applicable”, “Approved”, or “Not Approved”.
