# Introduction

The Elementary and Secondary School Emergency Relief Fund (ESSER Fund 1.0) enacted under the Coronavirus Aid, Relief, and Economic Security Act (CARES) Act provided an economic stimulus to individuals, businesses, and schools in Spring 2020. The U.S. Department of Education (ED) identified key focus areas for CARES funding, as well as reporting and data collection aligned with these areas. On Dec. 27, 2020, the ESSER Fund 2.0 under the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act, 2021, Public Law 116-260, was enacted providing additional economic stimulus.

The Elementary and Secondary School Emergency Relief (ESSER) Fund under the American Rescue Plan Act (ARPA) of 2021, Public Law 117-2, was enacted on March 11, 2021. ARPA ESSER Funding (ESSER Fund 3.0) provides a total of nearly \$122 billion to states and local educational agencies (LEAs) to help safely reopen and sustain the safe operation of schools and address the impact of the coronavirus pandemic on the nation's students. In addition to ARPA ESSER Funding, ARPA includes \$3 billion for special education, \$850 million for the Outlying Areas, \$2.75 billion to support non-public schools, and additional funding for homeless children and youth, Tribal educational agencies, Native Hawaiians, and Alaska Natives. The content of this technical application guide will focus on ESSER Fund 3.0.

The funds can be used for all expenses previously allowed under the original ESSER 1.0 and ESSER 2.0 (**excluding** allowable uses under McKinney-Vento Program) including and emphasizing:

- Any allowable use under the Elementary and Secondary Education Act (ESSA), Individuals with Disabilities Education Act (IDEA); Carl D. Perkins Career and Technical Education Act (Perkins); and Adult Education and Family Literacy Act.
- Coordination of preparedness and response efforts of local educational agencies (LEAs) with State, local, Tribal, territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve local educational agencies' preparedness and response efforts.
- Training and professional development for staff of the LEA on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of the LEA.
- Planning, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology, providing guidance for carrying out requirements under the IDEA, and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and support.
- Planning and implementing activities related to summer learning and supplemental after-school programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency.

- School facility repairs and improvements to enable the operation of schools to reduce the risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification, and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols including, to the greatest extent practicable, policies in line with guidance from the Centers for Disease Control and Prevention (CDC) for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in LEA and continue to employ the existing staff of the LEA.

The department will determine LEA allocations based on each LEA's FY20 Title I poverty counts. The ESSER Fund 3.0 application must be completed by each LEA to receive the allocated funding. The application must be reviewed and approved by the state education agency (SEA), the Tennessee Department of Education (department). The ESSER Fund 3.0 is federal education funding, and therefore the fiscal regulations of Education Department General Administrative Regulations (EDGAR) and Office of Management and Budget (OMB) Guidance apply to implementation including but not limited to procurement, record keeping, and disposition.

The ESSER Fund 3.0 application can be accessed through the department's online grants management system, ePlan (<https://eplan.tn.gov>). LEAs use ePlan to access state Basic Education Program (BEP) and federal funds (formula and competitive), develop required LEA and school plans, upload compliance documents, and submit funding reimbursement requests.

This guide provides ePlan users with instructions and best practices for the accurate completion of the ESSER Fund 3.0 application to ensure the availability of funds.

**Updates for the reopening of the application in August 2023 are found in the blue text in this guide.**

# ePlan User Access

All users must have the correct ePlan user access role to access and complete the ESSER Fund 3.0 application. Users with existing ePlan access can check their current user access roles. To view existing access, visit [ePlan.tn.gov](http://ePlan.tn.gov), navigate to the *Address Book* and *LEA Role Contacts*, and view who is listed with the **LEA Elementary and Secondary School Emergency Relief (ESSER) 3.0 Director** role. Users who had the LEA Elementary and Secondary School Emergency Relief (ESSER) Director or LEA Consolidated Director roles prior to April 10, 2021, were automatically assigned the *ESSER 3.0 Director* role.

New ePlan users and existing ePlan users who need the new **ESSER 3.0 Director** User Access role must request the additional role using the [ePlan User Access Form for LEAs](#). Access the form by navigating to [eplan.tn.gov](http://eplan.tn.gov) > *TDOE Resources* > User Access Forms > [ePlan User Access Form for LEAs](#). Users do not need to log in to ePlan to access *TDOE Resources* in ePlan. Follow the instructions on the *User Access Form*, then email the completed form to [ePlan.Help@tn.gov](mailto:ePlan.Help@tn.gov) to request additional access roles. User access requests may take up to two business days to process. Users will receive an email reply when access has been granted.

Below are the roles and the order of the status levels specific to the ESSER Fund 3.0 application process.

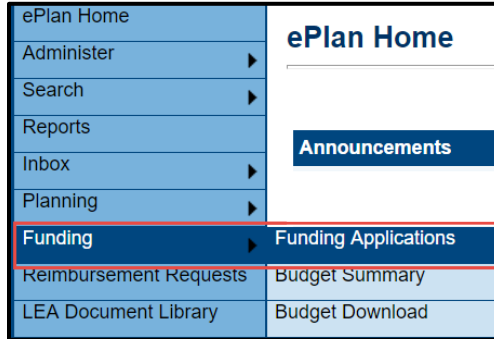

ePlan Role	ePlan Function
<b>LEA ESSER 3.0 Director</b> (Users with the Consolidated Director role were automatically assigned this new role) <b>LEA Fiscal Representative</b> <b>LEA Authorized Representative</b>	Click <b>Draft Started</b> (or <b>Revision Started</b> for revisions) Respond to application questions, enter budgets
<b>LEA Consolidated Update</b> (Other LEA project directors)	Respond to application questions and enter budgets
<b>LEA ESSER 3.0 Director</b>	Click <b>Draft Completed</b> (or <b>Revision Completed</b> for revisions)
<b>LEA Fiscal Representative</b> (CFO or treasurer)	Click <b>LEA Fiscal Representative Approved</b> (or <b>LEA Fiscal Representative Not Approved</b> ) (may also request funds after the ESSER Fund application is approved)
<b>TDOE ESSER Application Director</b> (FPO & OCFO project directors)	Click <b>FPO Leadership Approved</b> (or <b>FPO Leadership Not Approved</b> )
<b>LEA Authorized Representative</b> (Director of Schools)	Click <b>LEA Authorized Representative Approved</b> (or <b>LEA Authorized Representative Not Approved</b> )

After each status change, ePlan automatically sends a notification email to all users in the LEA who have the ePlan role in the next step in the process. For example, after the *LEA ESSER 3.0 Director* clicks *Draft Completed*, ePlan automatically sends an email to all users in the LEA who have the role of *LEA Fiscal Representative*. Once the LEA receives the notification email that the ESSER Fund application has been *FPO Leadership Approved*, LEAs must complete the last step, *LEA Authorized Representative Approved*, for allocations to become available for reimbursement.

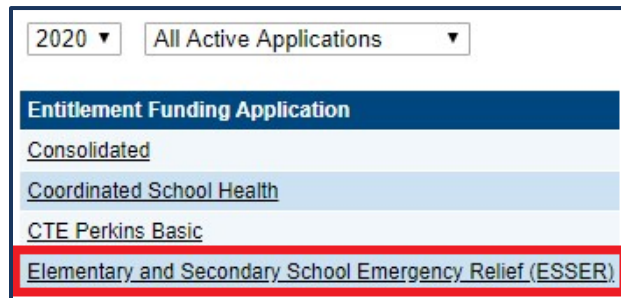

# ESSER Fund 3.0 Application Access

Once it is available, navigate to the ESSER Fund 3.0 application from the ePlan homepage by hovering your mouse over the **Funding** tab on the left menu bar, then selecting **Funding Applications**.

Select the desired fiscal year (**2024**) in the upper left corner of the screen. Funding applications are stored in ePlan according to the **state fiscal year**. For example, **2024** indicates the **2023-24** school year.

Click **Elementary and Secondary School Emergency Relief (ESSER) 3.0 application** to access the application.

Once the department starts the draft, users with the following access may edit the application: (1) *LEA ESSER 3.0 Director*, (2) *LEA Fiscal Representative*, and (3) *LEA Authorized Representative*.

Items marked *Warning* are validations that users are not required to address prior to submitting the ESSER Fund 3.0 application. Examples of warnings are not uploading an optional related document or budgeting an entire allocation.

Items marked *Error* are incorrect, and users **must** address each one before submitting the ESSER Fund 3.0 application.

## ESSER Fund 3.0 Checklist

LEAs must review the ESSER Fund 3.0 Application Checklist for general checklist comments from each application reviewer, if applicable, and for the program section.

- After the LEA submits the application, the department reviews the application and marks each section as **OK**, **Not Applicable**, or **Attention Needed**. If the application contains no items that are marked as *Attention Needed*, the application is approvable.
- If the application contains items that are marked as **Attention Needed**, the application will be returned to the LEA with a status of not approved. The LEA will review the checklist for items that are marked *Attention Needed* and make the necessary changes to those items. Only the checked items in the areas marked *Attention Needed* need correction. Each section marked **Attention Needed** also has a place where the department may provide notes to explain items needing attention. The LEA should check for notes and additional comments.
- Once the LEA has made the necessary adjustments, the LEA resubmits the application for approval. If the department determines that the area is correct, **Attention Needed** will be changed to **OK** by FPO leadership. If the items needing attention still have not been corrected, the application will be returned to the LEA with a status of **Not Approved**.
- Applications that contain no items that are marked **Attention Needed** will be approved.

Each section will be designated with one of these statuses:

- **Not Reviewed:** No review occurred.
- **OK:** The section has no corrections and is approvable.
- **Coordinator Reviewed:** The section has been reviewed by the coordinator.
- **Attention Needed:** The section has items that need to have corrections completed.

## Revisions

After approval of the ESSER Fund 3.0 application, the LEA may revise the application to amend one or more budget or program items.

- To begin a revision, users with the role of *LEA ESSER Fund 3.0 Director*, *LEA Fiscal Representative*, or *LEA Authorized Representative* may click **Revision Started** at the top of the Sections page.

When the ESSER Fund 3.0 application is in **Revision Started** status, users may make edits to all programs in the application as needed. **LEAs are encouraged to note these edits as Revision- Date (ex. Revision-7.11.23) to assist in the review process.**

The application process flows in the same manner as the original submission. Until full approval, budget changes do not move into the reimbursement screens.

- Access changes made to an approved application are from the Sections page.
- Users may view any changes made to the application as part of a revision on the generated **Details** link in the **Revision** column on the Sections page.

To view the original application or a prior revision, from the dropdown menu on the Funding Application screen, choose the menu item for **All Approved Applications**.

The page displays all former revisions (approved only).

**Note:** *If there is a current application in progress (not approved), it does not appear in this list. After reviewing prior revisions, remember to return the dropdown selection to **All Active Applications**.*

# Budgeting in ePlan

The ePlan process for entering the ESSER Fund 3.0 application budget is consistent with all other grants in ePlan. Each LEA must have a department-approved budget in ePlan before requesting reimbursement.

## Adding Budget Details on the Budget Page

- To access a budget, click the **Budget** link from the *Sections* page.
- For each budget line that the LEA plans to use, click **modify** located to the left of the account number to open the *Budget Detail* page for that line item.
- On the *Budget Detail* page for the line item, click **Add a Budget Detail**.
- For each Budget Detail,
  - The Account Number auto-populates for the line item that is being modified.
  - Select the appropriate line-item number from the dropdown menu.
  - Identify the appropriate focus area and most appropriate school type.
    - **Note:** Salaries and their related benefits should be tagged to the same focus area.
  - If applicable, select the Optional Budget Tag(s).
  - Add a narrative description for each entry.
- ePlan auto-populates the Location Code field with the LEA's name and identification number.
- Enter the Quantity and Cost for the Budget Detail. The quantity is most commonly 1.00.
- ePlan auto-calculates the Line-Item total as Quantity multiplied by Cost.
- Continue to add additional Budget Details as needed for the budget line item. To edit existing Budget Details, click the **pencil icon**. To delete an existing Budget Detail, click the **trash can icon**.
- Navigate back to the *Budget* page and repeat this process for each budget line. ePlan auto-calculates the budget totals as budget items and details are entered. ePlan deducts the budgeted amounts from the awarded allocation.
- Once complete, confirm that the amount in the **Remaining** area at the bottom of the *Budget* page is \$0.00.

## Budget Filtering:

- Users can filter Budget Details by Account Number, Line-Item Number, Location Code, Tags, or Narrative status by using the filtering tool.
- The most useful way to use this tool is by selecting all **Account Numbers** and then filtering Budget Details by Tags.
- To use the Tags filter, users must select at least one **School Type** from the bottom of the filter list, and then at least one **Focus Type** tag.

## Budget Tags

Budget tags are a required step in the FY23 ESSER Fund 3.0 application to allow reviewers to cross-reference the amount in the budget for each focus area on the [Program Details](#) page and the [Budget](#) page. Additionally, the budget narrative will directly be to the right of the line items instead of below the line items.

Tags will identify the **identified focus area** of a budget item without overly relying on the budget narratives and can be used to indicate how the money addresses a specific strategy or initiative.

The FY23 ESSER Fund 3.0 application *Budget* page will have tags available for the **focus areas as outlined in the department's ESSER Fund 3.0 application to the U.S. Department of Education**. The **Focus Area** budget tags are shown in the table below.

The screenshot shows a 'Budget Detail' form with the following fields:
 

- Account Number: 71100 - Regular Instruction Program
- Line Item Number: 116 - Teachers
- Focus Area: Select Tag (dropdown menu, highlighted with a red box)
- School Type: Select Tag (dropdown menu)
- Optional: Select Tag (dropdown menu)

 Below the Focus Area field, there is a note: '(Select at least 1, and up to 1 tag(s))'.

Focus Areas	
Addressing Learning Loss	High-Quality Instructional Materials for Math Adoption
Addressing Learning Acceleration	High-Quality Instructional Materials for Early Literacy
Addressing Facility Needs and Deferred Maintenance	Public Health Coordination and Protocols
Purchasing Education Technology	Other Necessary Activities
Planning for Long-Term Closures	Indirect Cost
Unique Needs of Special Populations	Administrative Cost (5% limit)
School Facility Repairs	
Mental Health Supports	

LEAs may only assign **one focus area budget tag** to a budget line item. Tags are required to complete this funding application. To use the **budget tag** options for each line item, complete the following:

- **Add** the new line item,
- **Select** the appropriate **focus area**, and
- Click **update** or **create** and move to the next **budget item**.
- The budget tag totals will auto-calculate in the amount boxes in the **Focus Areas** section on the *Program Details* page.

LEAs must assign **a secondary tag** to a budget line item to identify the school type. School type tags are required to complete this funding application. School type tag options are **Charter School** or **Traditional Public School**.

**Optional Budget Tags are now available for the 4 ESSERF United States Department of Education categories. The use of these tags will allow the LEA a tracking method of activities that will be reported in the ESSERF data collection at a later date.**

The screenshot shows a dropdown menu for 'Optional Program Code' with the following options:
 

- Select Tag
- Addressing Physical Health and Safety
- Meeting Students' Academic, Social, Emotional, and Other Needs Excluding Mental Health Supports
- Mental Health Supports for Students and Staff** (highlighted)
- Operational Continuity and Other Allowed Uses

**Note:** All line items associated with TN ALL Corps must be tagged with the Optional Program Code "TN ALL Corps."

## Transfers Out and Indirect Cost

Indirect cost represents the expenses of doing business that cannot clearly link to a specific grant, contract, project function, or activity, but is necessary for the general operation of the organization and the activities it performs. These costs cannot attribute directly to any grant because the time and effort spent are not measurable. LEAs may choose to budget for indirect costs for the ESSER Fund application. Indirect cost is available on each Budget page in account number 99100 – *Transfers Out*.

- Each LEA has an individualized, agreed-upon indirect cost rate that is preloaded into ePlan each year.
- Users cannot exceed the **Maximum Allowed for Indirect Cost**. If the total amount budgeted in account number 99100 is more than the maximum allowed for indirect cost, the LEA receives a validation error and cannot submit the application.

# Spending Plan:

ESSER Fund 3.0 allocations granted through this application must be in alignment with these overarching priorities. The questions below allow LEAs to reflect on the connection to these priorities in each of the focus areas identified.

**1. Addressing Learning Loss: Coordinators, Summer, Supplemental After School, and Tutoring**  
 \$  Amount  
 \* Describe how the proposed activities/use of funds supports the focus area and how the effectiveness of the activities will be assessed.

- The amount of funds to be spent in support of the focus area auto-populates from the information entered on the [Budget](#) page.
- LEAs must answer the open response question for each program where the auto-populated amount is greater than \$0. There is no open response question for Indirect Cost and Administrative Cost.
- **Note:** *The spending plan should be in alignment with the proposed budget.*

After analyzing and repurposing other funding sources, justify the spending plan for the American Rescue Plan Act (ARPA) funds aligned with the needs and the comprehensive LEA-level plan. For each of the applicable focus areas below, verify the amount, and explain how each focus area addresses the needs. The amounts should not exceed the LEA's allocation.

## 1. Addressing Learning Loss: Coordinators, Summer, Supplemental After School, and Tutoring

- **Note:** *New items have been added to this page to address the 20 percent minimum required amount to be budgeted for addressing learning loss.*
  - The original ARPA (ESSER 3.0) allocation appears in the first box.
  - Twenty percent of the original allocation appears in the second box. This is the minimum amount that must be budgeted and expended during the life of the grant for addressing learning loss.
  - The LEA must determine the amount expended for addressing learning loss in FY22 and FY23 and enter it in the subsequent boxes. A [Learning Loss tool](#) has been developed for LEAs to use if desired. LEAs may also access this tool in [ePlan > TDOE Resources > 6. Relief Funding > ARPA Act/ESSER Fund 3.0 > FY23 ARPA Act/ESSER Fund 3.0 > FY23 Learning Loss Tool 2022-08-03](#).
  - The final box will show the amount left of the 20 percent that must be budgeted for addressing learning loss.
  - The LEA must check the assurance stating the amount entered as expended is correct and documentation is available at the local level for monitoring and oversight.

All activities from the LEA's budget should be reflected in the spending plan.

\* The LEA assures the amount listed **below** in the box as expended on Address Learning Loss in FY22 is correct and documentation is available at the local level for monitoring and oversight.

# Program Details

The ESSER Fund 3.0 application has an associated [Program Details](#) page. This page requires information regarding the program(s) implemented with grant funds. ePlan applications provide a variety of text entry options. Narrative boxes are boxes that allow formatting, including bolding, numbering, and font manipulation. Paste information such as text, tables, pictures, and graphs into narrative boxes. Text boxes are meant for a more concise response and do not allow as much formatting flexibility. It is still possible to paste the text into a text box; however, the text may not hold its original formatting. Note that some text boxes have character limits.

## Administration Cost:

LEAs may budget reasonable and necessary costs to manage the federal grant in a compliant and effective manner. LEAs must describe the reasonable and necessary administrative activities and personnel (supplies and equipment used to administer the grant program included). This includes full-time equivalents (FTE) and the amount deducted from the grant.

Budget Only codes 72210 and 99100 are allowable to budget funds for administrative costs. All costs must be administrative in nature (e.g., program director, clerical staff, bookkeeper, or equipment/inventory management salary/benefits; travel for administrative staff; supplies and equipment for administrative offices; professional development (PD) for administrative staff; etc.).

LEAs must include FTEs in budget narratives and must match the FTEs entered in the ESSER 3.0 Administration Program Details chart on the [Program Details](#) page. LEAs must base FTEs on the percentage of time spent on the cost objective. All expenditures related to the administration of public and non-public programs included in con admin must be budgeted in the con admin budget. No additional administrative costs for programs may be budgeted in the individual program budgets.

## Program Administration

- Choose the appropriate checkbox to indicate if the LEA is utilizing the grant funds to administer ESSER Fund 3.0.
