# Collaboration is Key

# **Lots of Moving Parts**

- Everyone plays an important role
- Misalignment can topple the entire structure

# **Collaborative Legislation**

Fostering Connections (2008)	Every Student Succeeds Act (ESSA; 2015)
Coordination with LEAs	Collaboration with child welfare agencies
Presumption to remain in school of origin	Presumption to remain in school of origin
Best interest determination	Best interest determination
Immediate and appropriate enrollment	Immediate enrollment, even without documentation
Permissible use of federal Title funds to support transportation	Transportation must be arranged, provided and funded
	State and local Points of Contact

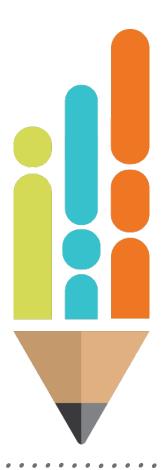

# **ESSA Requirement**

 Local education agencies (LEAs) must provide assurances that children in foster care enroll or remain in the school of origin unless there is a determination that it is not in her or her best interest to attend the school of origin.

# Reminder: Point of Contact (POC) Responsibilities

- All points of contact should have the capacity and resources to guide the implementation of the ESSA provisions.
  - Each LEA must have a POC designated to coordinate services for all students in foster care.
    - Federal and state requirement (PC951)
  - Minimum responsibilities include coordinating with regional Department of Children's Services (DCS) offices to develop a process for implementation of ESSA provisions.

# Reminder: POC Responsibilities

- Maintain agreement(s) between the LEA and DCS
- Identify students in foster care
- Coordinate and document Best Interest Determination (BID) meetings
- Coordinate and document transportation
- Remove barriers to ensure immediate enrollment
- Train all applicable staff

# BID Notification and Education Passport

#### Identification and BID Notification

- Students should be identified at the time of enrollment or withdrawal by the DCS Education Specialist or DCS caseworker if a student needs a best interest determination (BID) meeting.
- This notification allows for real time communication between DCS and the LEA to ensure that BID meetings happen in a timely manner.
- The Education Specialists are regional and have specific LEA assignments, but caseworkers may be employed by DCS or a contracted agency such as Youth Villages.

# **NEW as of 2022: Education Passport** and BID Notification

- DCS has moved from one centralized point of notification.
- The Education Passport is the primary method of notification of entry into foster care or change of foster care placement.
- Caseworkers should present the documentation at the time of enrollment or at the time of withdrawal.
- The school of origin should receive an Education Passport for every custodial event or change of address, and the school of zone (if determined to be the best interest) should receive notification with enrollment.

#### **DCS Process**

The *Education Passport*, form *CS-0657*, is defined as a compilation of documents that constitutes the educational history for a student. It is composed of the completed Education Passport Face Sheet with demographic information, additional school enrollment information, a listing of recent schools attended, the child/youth's status, and the following documents:

- Immunization records
- The most recent grade card with attendance data
- A current transcript for high school students
- As applicable, special education, student plans under Section 504 of the Rehabilitation Act, or TEIS records.
- The Education Passport (CS-0657) shall be generated only by DCS and serves as verification of custody when presented to the public school system. Court documents and information generated by the courts remained protected under TN Code § 37-1-153.

- The School Notification Letter should be sent to the School of Origin for any new custodial event, change of address within the same school zone to update contact information, or change of address outside of the school of origin or school of zone.
- The School Notification Letter should be sent with the Education Passport to the School of Origin when change of placement occurs to initiate the BID process.
- Consideration factors discussed by DCS are listed on the Notification Letter as preferences at the time of a Child and Family Team Meeting (CFTM). Final decisions for educational best interest of the child will be discussed at the BID meeting where all factors shall be considered.

# Coding

# **Student Classifications for Coding**

- FOS01-Foster Care: Use the FOS01-foster care student classification only for students on the DCS foster care list.
- J-Direct Certification of Economic Disadvantage: Students on the DCS foster care list are part of the economically disadvantaged (ED) subgroup and are coded with *J-direct certification of economic disadvantage* student classification in addition to the *FOSO1-foster care* student classification because they are categorically eligible for free school meals due to their foster care status.

# Foster Status Applies for the School Year

- Once the student enters foster care, the status applies for the remainder of the school year.
- Code students with the FOS01-foster care and J-direct cert student classifications in all enrollments for the remainder of the school year, regardless of changes in foster care status.

# **Dual Eligibility**

- Students with foster care status due to a DCS placement who also qualify as homeless per the McKinney-Vento definition are dual eligible for foster care and homeless status and services.
- Students with foster care status due to a DCS placement who also qualify as runaway are dual eligible for foster care and runaway status and services.

# The Intersection of McKinney Vento

- It is possible for a student to hold dual status as both foster care and homeless.
- In 2022-23, there were 550 cases, including 248, in which students were identified as foster care and homeless in the same enrollment.
- There were 187 instances in which students were identified as homeless in an enrollment that preceded the foster care enrollment.
- There were 115 enrollments in which the homeless identification occurred in an enrollment that followed the foster care enrollment.

# **Dual Status: Foster Care and Runaway**

- In 2022-23, there were 55 instances including 17 in which students were identified as foster care and runaway in the same enrollment.
- There were 27 instances in which the runaway identification occurred in an enrollment that preceded the foster care enrollment.
- There were 11 instances in which the runaway enrollment occurred after the foster care enrollment.
- Of the 55 enrollments, DCS was the LEA for 43 of the foster care enrollments and 17 of the runaway enrollments.

# Questions from the Field

### Questions from the Field

#### Passports

- Who is responsible for starting the Passport paperwork? Is that person also responsible for making sure everyone has a copy?
- How frequently is the passport updated?
- What is the process if there is no passport (i.e., enrollment by foster parent)

#### Enrollment

- What if the foster parent arrives without a caseworker?
- How long can we hold enrollment or withdrawal?
- What if we don't receive a passport?
- When a child is on a 90-day home trial, how should we proceed when the biological parent enrolls the child? Will there be a passport?

### **Questions From the Field**

#### Transportation

- Who will make transportation decisions for DCS?
- Which district is responsible for transportation cost? The district of zone or the district of origin? What is DCS' responsibility for transportation?

#### BID Meetings

- Who schedules the BID?
- Who initiates the BID meeting?
- What if we can't locate a caseworker?
- Why did the people needing to attend the BID meeting change?
- My education specialist was instrumental in setting up and facilitating BID meetings. How will that change now?
- Why would we need a POC at each school? I would like to remain the primary point of contact.

# **Thoughts to Consider**

- Require the passport prior to withdrawal or enrollment
- Assign a point of contact at each school
- Train staff to ask about school of origin
- Develop a process for schools to alert the LEA POC
- Triage the cases (i.e., Where is the school of origin?)

# Reminders

### **Best Interest Determination Meetings**

- Must be held when a student enters foster care or changes foster care placement and the school of zone has changed.
- The DCS regional educational specialist or the child's caseworker is responsible for notifying the LEA when a BID meeting is needed.
- The school may receive written BID notification at the time of enrollment.
- All BID meetings must include the DCS personnel and the LEA foster care POC (or their surrogate).
- Meetings can occur in person, virtually, via teleconference, or, in some cases, email exchanges may be appropriate.

# Training the LEA and School Staff

- All personnel who may have contact with foster students should be trained on process and procedure.
- This may include:
  - School counselors
  - Social workers
  - Receptionists
  - Attendance personnel
  - Registrars
  - Administrators

#### **Timelines**

- Upon a student entering custody or changing placement, the DCS Child and Family Team (CFT) should discuss the educational best interest of the child.
- The school or LEA point of contact will be notified through the delivery of an education passport.
  - This notification may also be made directly from the DCS education specialist.
- The BID meeting should be held within five days.

#### **Timelines**

- Once the BID meeting has been held and it is determined that remaining in the school of origin is in the best interest of the child, transportation is arranged.
- DCS will collaborate with the LEA to ensure the child receives transportation within five days of the BID meeting.
- DCS will provide transportation during the time prior to the BID meeting and for up to five additional days after the BID meeting is held.

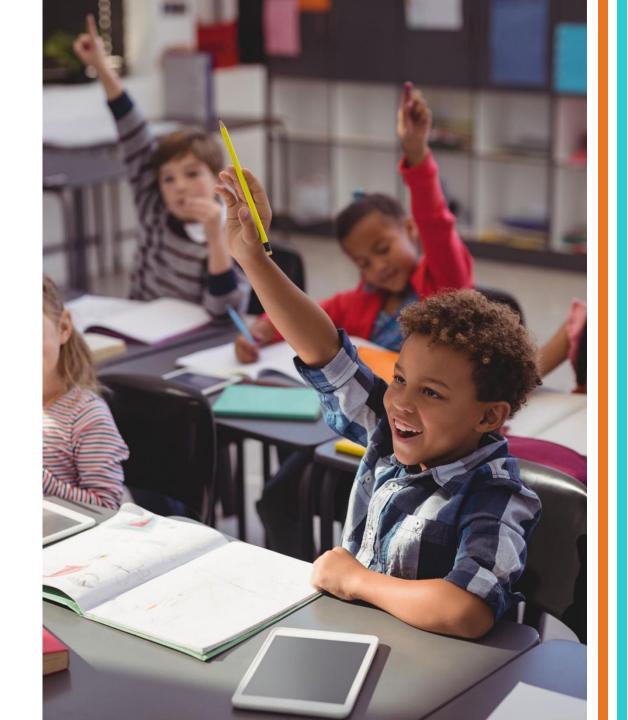

#### **Immediate Enrollment**

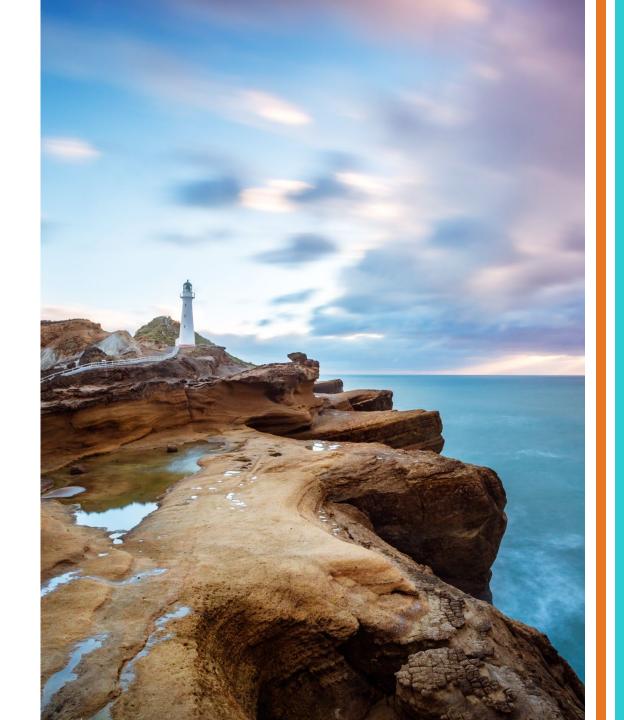

- Barriers to enrollment must be eliminated.
- LEAs must ensure that a child in foster care is immediately enrolled in his or her new school even if the student does not have required documentation.
- The enrolling school must immediately contact the child's school of origin to obtain all relevant records.
- The school of origin must immediately transfer the records.
