Federal Programs and Oversight (FPO)
Data Mini-Webinars

FPO Data Mini-Webinars

The department's Division of Federal Programs and Oversight (FPO) has prepared brief webinar recordings on topics from the FPO Data Manual. Currently, eight webinars are available. The mini-webinars explore data definitions, reporting requirements, and EIS research queries for programs administered by FPO. It will be helpful for federal programs, attendance, technology, EIS, and early learning contacts to review the mini-webinars while working with data in SIS/EIS during the 2024-25 school year.

FPO Data Mini-Webinar Links

The FPO data mini-webinars are available at the links provided below for each recording.

- EIS
- English Learner
- Foster Care
- Homeless
- Migratory
- Immigrant
- Military Dependent
- Title I

Additional Information

The webinar links are available via ePlan in TDOE Resources > Federal Programs Data > Webinar Presentations & Recordings > Data Mini-Webinars. **A login to ePlan is _not_ required to access the recordings.**

For additional details on each topic, please see the FPO Data Manual.
