

# FY26 Title IX, McKinney-Vento Subgrant Hurricane Relief Closeout Report ePlan Instructions

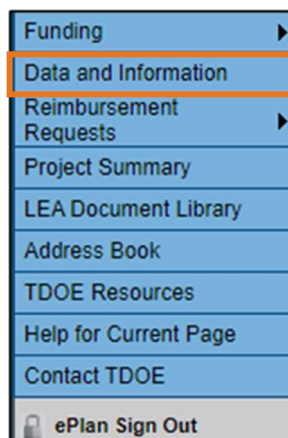

## Purpose

Monitoring the implementation and use of federal program funds is required by Title IX, Part A of the Every Student Succeeds Act (ESSA), also known as the McKinney-Vento Homeless Assistance Act, which authorizes the Education for Homeless Children and Youths Program (EHCY).

The state coordinator for the education of homeless children and youths is required by the U.S. Department of Education to submit a data report to the Secretary of Education on local educational agencies (LEAs) that have received funds under the McKinney-Vento Assistance Act. This report contains information regarding McKinney-Vento Act compliance, barriers to school access, the progress of homeless students integrating into the school environment, and progress in helping students meet state academic standards.<sup>1</sup> Data and information gathered during this process provide evidence of quality program implementation, identify opportunities for program development, and inform considerations for future funding.
